N. W. MO. TEACHERS ARE TO MEET HERE

PROGRAM ARRANGED FOR GATHERING OCTOBER 23, 24, 25

TO BE AT THE COLLEGE

Well Known Speakers From Several States Are On the List; Reduction In Railroad Fares Is Planned

October 23, 24 and 25 the Northwest Missouri Teachers Association will be held at the State Teachers College in Maryville. This is one of the six divisions of the State Teachers Association, and an enrollment fee of $1 will admit to the district association and the state association. An attractive program has been arranged, and many noted educators will discuss the educational problems of the day, more vital than ever before.

On the morning of the first day Dr. F. J. Kelley, dean of the School of Education of the University of Kansas, will give the principal address. Dean Kelley is known throughout the west as a forceful and entertaining speaker.

In the evening of the same day, Miss Ella Victoria Dobbs, assistant professor of manual arts, University of Missouri, and State Superintendent Sam A. Baker will speak. These two educators are leaders in their respective fields.

On Friday morning, Dr. F. L. Keller, professor of education, State Teachers College; Dr. J. A. Thompson, president of Tarkio College; and Ira Richardson, president of the State Teachers College, will address the association. President Thompson and President Richardson are well and favorably known to the teachers of the state. Doctor Keller is a new man in the state, but has already established a reputation.

On Friday evening, Dr. Isidor Loeb, dean of the faculty and professor of public science and public law, University of Missouri, will speak on the problem of taxation. Doctor Loeb is known as a forceful speaker and an authority on the question he will discuss. Mary C. Bradford, state superintendent of schools, Colorado, will also speak on Friday evening and again on Saturday morning.

In addition to the general program, departmental programs will be furnished by the best educational talent of the district.

It is hoped that boards of education will request their teachers to attend, and that many board members will take advantage of this opportunity to know the teachers of this part of the state.

A special rate of one and one-third fare has been arranged for with the railroad officials. Certificates can be had at a purchasing point—not receipts—and when these are properly validated in Maryville, a one-third fare will be sold on condition that there must be at least two hundred and fifty of these certificates. The reduced return rates are based on the following stipulations:

1. The full fare tickets going must be purchased at not less than seventy-five cents and not more than six dollars.
2. These purchases must be made between October 20 and 25 inclusive.
3. Return limit must not be later than October 29.

FIRE THIS MORNING WAS ONE THE CHIEF HAD TO WEEP AT

Small Boy and Matches Caused Lots of Smoke at Home of E. W. Lan-g; Little Damage Done

S—matches—bedclothes, and Burt—y, fire chief, says he never w—ch in all his life. Mr. Rowley n— take a gas mask along this h— hen he took the fire departmen— esidence of E. W. Lanning, 11— Saunders St., and as a result he was nearly blinded when he threw the burning bedclothes out of the window.

The small son of the family is credited with starting the blaze, which did little damage outside of burning some of the bedroom furnishings and ruining a carpet. The small blaze on the floor was put out with chemicals. The boy escaped without damage, but the smoke was so strong that his mother could not enter the room to throw out the burning bedclothes. This the fire chief succeeded in doing.

The alarm was turned in about 11 o'clock.

M. H. S. STUDENTS CELEBRATE THE VICTORY OVER BETHANY

Procession Meets Returning Football Players at Train, and Opposing Team Is Burned In Effigy

The usual Saturday night crowd uptown in Maryville didn't know whether it was a race riot or a steel strike or what. Many were the anxious inquiries and suggestions for the calling of the police and the fire department before it finally turned out that it was merely a demonstration by the Maryville high school students and friends in honor of the high school football team that returned to Maryville Saturday night after beating the Bethany team at Bethany the day before. It was a great victory and a great celebration.

A parade headed by a truck met the players at the Wabash station and escorted them to town, amid much excitement and noise. tA the flagpole at Fourth and Main streets the procession gathered around a stuffed figure that represented Bethany, and there was a bonfire, in the course of which Bethany went up in smoke.

The Maryville team, which won the championship of Northwest Missouri last year, is out after another championship, and the game Friday, which was won by a score of 7 to 0 after a hard struggle, gave great encouragement to the rooters.

MAY HAVE TO START OVER IN CAMPAIGN FOR THE HOSPITAL

Reports Slow in Coming in; Grant Township Has Good Record; Ten Gifts in Maryville Total $10,000

The committee in charge of the campaign for $50,000 for the St. Francis hospital reports that the returns are slow in coming in and that the local committees should rush the work of turning in their accounts. There is every probability, according to the committee, that the drive will have to be continued or be begun again before the complete sum is raised.

One of the best accounts turned in yet is from Grant township. The collections there, with two school districts yet to hear from, totaled $615.75. Barnard is in Grant township, and this township has been represented by almost the number of patients in the hospital.

Ten persons in Maryville gave a total of $10,000, their contributions ranging from $500 to $2,500.

The drive is not yet over and any person who desires to contribute or to increase his contribution can still do so by seeing one of the canvassers in his district. It is urged that the contributions be completed as soon as possible so that the reports may be turned in and the totals made public.

Baptist Evangelist Talks About Joy-Riding and the Prodigal Son

Evangelist G. E. Kennedy will speak tonight at the First Baptist church on "Is There Any Harm In the Dance?"

Sunday night he preached to a house full of people on "The Prodigal Son." He said that today people are peculiarly asleep to sin. Our consciences need to be aroused. "If our homes are not alive on this point it won't do much good to preach it anywhere else," he said. "Ws must save our homes. The home is the foundation of all good things. If you allow the homes of Maryville to become corrupt things will go to pieces in Maryville, it don't make any difference how much money you make. All parents worthy of the name are interested in the welfare of their children. They want to see them do well.

"There are boys and girls right here in Maryville that are chafing under the restraint. They are in good Christian homes, too. They want to have what they call 'liberty.' They think they know more than their parents. Many of them are deceiving their parents in the way they are spending their time.

"Several months ago things got so rotten in Kansas City that even the police of the city couldn't stand it any longer. They raided the cabarets. In the dragnets were two girls. They begged and pleaded. They said they were not of the crowd, but just happened to be there. Their entreaties were in vain. They belonged to good families. They had lied to their parents. They wanted to have a good time. Their parents would not believe it when they were called over the telephone.

"I have seen girls and boys come to my meetings and then get up and leave. Then I have neard the automobiles start off. They were joy-riding. Thousands upon thousands are joy-riding their way to hell. They can't go on their way to destruction fast enough. They have to have the new fashioned modern speed. Many girls and boys are just nibbling at the devil's bait. Watch out! The devil is an expert fisherman. He catches lots of fish.

"When ever virtue has lost its charm and evil associates and questionable things appeal to a boy or girl, they are on their road to destruction. Look out! About the same time they begin to chafe under the restraints of home. There's something wrong; it's a warning to any boy or girl when the restraints of father and mother begin to fret them. The secret of many a boy's and girl's going to the city is because they want to enjoy the vices of the city and get away from loving parents who would give their very lives to keep them clean. They get tired of home. It gets stale.

"When John Quincy Adams was worn out by the worries of life and tired of life, he would often make a journey back to the old home place, and go to the room where his mother used to teach him, as a boy, to pray, and get down on his knees and repeat the childish prayer like his dear old mother taught him to lisp: 'Now I lay me down to sleep.' He said he was a better man when he came; he could almost feel the touch of his mother's hand and heart.

"The prodigal who went into the far country was there in thought before he set out on the actual journey."

Says There Are Farm Bolsheviki.

Kansas City, Oct. 6.—Bolshevism in America is only "a new name for an old disease and the result of discontent and agitation by the agricultural I. W. W.s who show a willingness to forsake their farms for the call of the city," Gov. Henry J. Allen of Kansas declared in an address in which he advocated the "stick to the farm" policy at the international farm congress and soils products exposition here. Land tenantry conditions in the United States are an increasing menace to farm life and to the stability of the nation, he said, urging immediate state and federal remedial legislation.

WOMAN SO ILL COULD NOT WALK

Lydia E. Pinkham's Vegetable Compound Restored Her to Health.

Perth Amboy, N.J. — "For three years I suffered with a severe female trouble, was nervous, had backache and a pain in my side most of the time. I had dizzy spells and was often so faint I could not walk across the floor. The doctor said I would have to have an operation. I read about Lydia E. Pinkham's Vegetable Compound in my newspaper, and tried it. Now I am better, feel strong, have no pains, backache or dizzy spells. Every one tells me how well I look, and I tell them to use Lydia E. Pinkham's Vegetable Compound — that is what made me feel well and look well. I recommended it to my sister and she is using it now. You can use this letter if you wish, for it is certainly a grand remedy for a woman's ills." — Mrs. MARTHA STANISLAWSKI, 524 Penn St., Perth Amboy, N.J.

For forty years Lydia E. Pinkham's Vegetable Compound has been overcoming such serious conditions as displacements, inflammation, ulceration, irregularities, periodic pains, backache, dizziness, and nervous prostration of women, and is now considered the standard remedy for such ailments.

HAD SUFFERED SINCE A BOY

Is Relieved of Twenty Years' Trouble and Gains Twelve Pounds by Taking Tanlac

"I have not only gained twelve pounds since I commenced taking Tanlac, but I have been completely relieved of twenty years' suffering," said Lewis Higgins, a well known and prosperous farmer, who lives at North Kansas City, Mo., while in the Owl Drug Store in Kansas City the other day.

"Yes, sir, Tanlac just knocked my troubles winding," continued Mr. Higgins, "and it is the only medicine I got hold of that did me any good at all. I had been suffering from rheumatism ever since I was about seven years old, and I just gradually grew worst as I grew older, and I finally got to the point where I wasn't able to walk at times. The joints in my legs would swell something awful, and the misery and pain I underwent is simply more than I will ever be able to tell. I didn't know what it was to get a good night's sleep. Finally my stomach went back on me, and what I ate would sour and cause gas to form so bad I could hardly get my breath. I tell you I was in mighty bad shape, and the different medicines and treatments I had didn't do me a particle of good.

"My father told me one day that he had read in the papers where several people who had been suffering like I did had been helped by taking Tanlac, and advised me to give it a trial. Well, sir, it just beats the world the way I have improved since I commenced taking that medicine. Why, I have only taken four bottles so far, and I can walk just about as good as I ever could in my life, and my general health is better than it has been since I was a boy. The swelling has completely left my joints, and I am able to work every day in the week. I have actually done more hard work this summer than I ever did in my life in the same length of time. My nerves are as steady as a clock, and I sleep like a log every night. I have gotten rid of that stomach trouble, too, and eat three hearty meals every day, and I never suffer a particle afterwards. I will tell the world that Tanlac is the best medicine I ever saw, and I am glad to have this opportunity to pass the good word along."

"Tanlac is sold in Maryville by Koch Pharmacy, in Conception Junction by A. M. Colly, in Pickering by H. M. Lincoln, in Burlington Junction by Coster Pharmacy, in Barnard by Bear Drug Co., in Elmo by King Drug Co., in Clearmont by Dr. W. H. Wiley, in Ravenwood by C. A. Shunk, in Arkoe by Rufus R. Smith, in Hopkins by Hopkins Drugs Co., and in Parnell by F. L. Hart." ADV.

It Was Half a Mill More.

A levy of 2½ mills on the dollar, instead of 2 mills, as reported in the Democrat-Forum Saturday, was voted at the meeting of the Nodaway County Mutual and Lightning Insurance Company at Burlington Junction Friday. This, according to C. D. Hooker, one of the directors, is a reduction of half a mill from the usual levy.

D. A. R. Meeting.

The first fall session of the local chapter of the Daughters of the American Revolution Saturday afternoon at the home of Mrs. C. H. Coe served a double purpose, the observance of the chapter's seventh anniversary and Missouri Day. The state legislature five years ago established the first Monday in October as Missouri Day, and schools, clubs and other organizations are asked to give Missouri programs each year at this time. Mrs. Anderson Craig, Mrs. Susan Helwig and daughters, Misses Katherine and Orril J. Helwig, were assisting hostesses. The meeting was held in the library of the Coe home, which was decorated in veri-colored autumn flowers, arranged in vases and baskets. Suspended above the fireplace was the beautiful silk flag which belongs to the chapter. The meeting opened with the singing of "America" and this was followed by the Lord's prayer. A brief business session was held during which a letter from Captain Harry Snyder of the Maryville Home Guards was read, presenting to the local chapter the flag and bugle of the Guards, to remain in their custody until the formation of a branch of the American Legion here. At that time the flag and bugle will be turned over to that organization. The report of Mrs. Charles Channing Allen of Kansas City on the national convention of D. A. R. held in Washington, D. C., last June, was read by her sister, Mrs. E. G. Orear. The report was for the Kansas City chapter, of which organization Mrs. Allen is a member. Points of interest reported were as follows:

Contributions to other organizations doing war work $818,081.

Total amount of money expended on French orphans, $129,000.

Scholarship given by Daughters, $6,290.

Raines and Mrs. W. O. Garrett sang a duet, "A Hymn to Missouri." The remainder of the program follows: "National Old Trails Road," Mrs. Charles Bell; instrument-at solo, "Missouri Waltz," Miss Mary Carpenter; a paper, "Centers of Historical Interest," was written by Miss Beulah Brunner and read by Miss Mildred Miller; song, "Missouri mine," by chapter; "Missouri Statesmen and and the Capital" Mrs. W. J. Montgomery. Delegates and alternates to the state conference to be held the latter part of the month in Kansas City were elected as follows: Mrs. W. J. Toel, Mrs. Bruce Montgomery, Mrs. H. L. Raines, Mrs. Joseph Jackson, Mrs. Charles T. Bell and Mrs. W. O. Garrett, second alternates. The dining room, where refreshments were served, was decorated in autumn flowers and the table was centered with a birthday cake holding seven lighted pink tapers. Presiding at the table were Mrs. W. J. Montgomery, regent, and Mrs. Joseph Jackson, vice regent. Assisting in serving were the other officers of the chapter, Mrs. H. A. Foster, Miss Katherine Helwig, Miss Mary Q. Evans, Mrs. C. C. Corwin, Mrs. D. J. Thomas, Mrs. Dale Bellows and Miss Elizabeth Leet. The white birthday cake was cut by Mrs. T. L. Home Craft Week

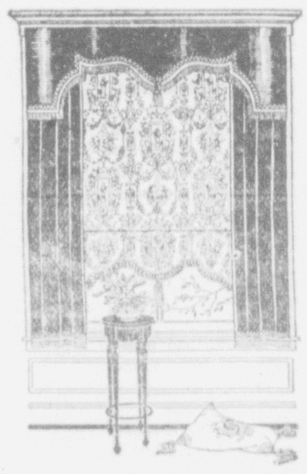
October 6 to 11

A Featuring of Window Laces and Drapes of Individuality

Home Craft Week is a National Event in which the foremost stores of the country indulge in the featuring and the special display of window laces and drapes that reflect good taste and individuality.

PERSONALITY, in home decoration as in personal adornment, must be expressed through the use of design—originality and imagination in the right choice of design. Whether you will it or not, your windows express you to the world.

We feature the Quaker Craft Window Laces which are noted for their quality and beauty of design. They are transparent and serve to veil the room from outside view without excluding the light and air.



THE GROWING VOGUE

The present vogue is toward the use of lacy effects at the windows. One of the best reflections of this vogue is the sectional window laces that come in panels from 6 to 9 inches wide and 2½ yards long. Its charm lies in the duotone effect gained by stressing the stems, scrolls or outlines of the design with heavier weaving than the balance of the design.

priced by the section at 75c, 90c, $1.00 $1.25, and $1.50.

THE JAPANESE EFFECTS

In Japanese Art Schools the students are encouraged to closely watch every form of life, both animal and plant life. Therefore, the nature-note is apparent in this Oriental Art. This is copied in a very attractive manner in the creation of the Quaker Lace Nets which we are now displaying. Ecru, Ivory and white in beautiful qualities and designs, at the yard 40c, 50c, 65c, 75c, $1.00, $1.50 and up to $2.00

Edging to match nets, at the yard ..... 3c to 10c

READY-MADE CURTAINS

We have a very unusual collection of lace curtains, both in Nottingham and Filet Nets. Ecru, ivory and white in plain nets and attractive new designs. Be sure to see our stock of ready-made lace curtains, they save you a lot of time and worry. Priced by the pair at $3.50 to $9.00

DRAPERIES

Drapes at the windows are now used in so many attractive ways that we will not discuss it here, but we can give you some valuable suggestions on the treatment of drapes and will be glad to do so if you will come to the drapery department. We only wish to state that we have very attractive assortments of Colonial Cretonne, Madras, Sunfast Drapery Fabrics in colors and color combinations that will harmonize or contrast with any surroundings with which you wish to use them.

Cretonne, at the yard .35c to $1.00
Madras, at the yard 60c to $1.50
Sunfast Fabrics, at the yd $1.75 and $2.00.

COMMERCIAL CLUB HERE ONE FAVORING RAILWAY RETURN

Seven Organizations in the State Vote Same Way, According to Statistics Gathered in Washington

Looking over the returns of the referendum vote cast in Missouri on the railroad plan by the chamber of commerce of the United States I found some facts which may be of interest to you," writes Merle Thorpe, editor of the Nation's Business, which is published by the chamber of commerce of the United States.

"The commercial organizations of Fulton, Kansas City, Maryville, St. Charles, St. Joseph, St. Louis and Springfield voted in favor of the return of the roads to corporate operations as soon as remedial legislation can be enacted.

"Chillicothe, Columbia, Joplin, Liberty, Sedalia and Trenton, which belong to the national chamber, did not avail themselves of the opportunity to vote.

"The seven organizations participating in the referendum, also went on record favoring:

"(a). Excepting Kansas City, consolidation of railroads, in the public interest, with prior approval by government authority, in a limited number of strong competing systems.

"(b). Requirement that railroad companies engaged in interestate business become federal corporations, with the rights of taxation and police regulation retained by the states.

"(c). Exclusive regulation of capital expenditures and security issues.

"(d). Excepting Kansas City federal regulation of intrastate rates affecting interstate rates.

The chairman of the railroad committee, George A. Post of New York, has presented the plan to the appropriate committees of congress.

"Thirty different plans for disposing of the railroads have been offered but only two have had referendum treatment—the chamber of commerce plan, which has the endorsement of business men, and the Plumb plan for government ownership, which has the endorsement of the railroad brotherhoods."

"MY SAMMY GIRL"

A love story with music and chorus is a product of comparatively recent days in the style of play writing. The public like this style of musical show and its success has been most pronounced, judging from what the dramatic critics say about it. Kilroy & Britton have enlisted the services of Miss Billie (Pep) Robinson for the title role of "My Sammy Girl." Miss Robinsin is a young and versatile actress with a most pleasing personality. The young lady is supported by a clever company and a large chorus that is exceptionally capable, which assists in helping make popular the score of catchy musical numbers in which the piece abounds. The one special hit in the musical line is a number called "The Pretty Little Kellerman Girls," in which the dainty little ladies are gowned in some of the smartest and most popular of "the latest thing in the way of bathing suits." The number is headed by Miss Robinson, who is encased in a suit similar to the one worn by Anette Kellerman in her swimming exhibitions. "My Sammy Girl" is booked for the Empire theatre Friday, Oct. 10.
